

NonSubscription Vs. Workers' Compensation

Large Mfg. Company, 1500 Employees, 5 Locations

These are actual numbers!

1. Due to a plant closure in 2003, the company's 2002 \$1.8M W/C costs would move to a projected W/C reduction of \$1.4M*.
 2. The W/C 2003 projection* should have increased due to a midyear 1/3 increase in employee population.
 3. By moving from the W/C system to a N/S Program and using ONECOMPSM Injury Process Mgmt, the company saved \$904,277.73.
 4. There was 50.23% savings.
- N/S - Non Subscriber
W/C - Workers' Compensation
